Data Privacy Statement for Referral Agencies

Personal data

When your organisation becomes a referral partner for the foodbank, the foodbank will keep some data about you. This includes some “personal data” which relates to particular named people.

We also keep data about clients you refer to the foodbank. There is a separate Data Privacy Statement for Clients. Please ask if you would like to see a copy of that Data Privacy Statement.

What personal data do we hold?

The foodbank will keep data about you in our **on-line data system**

this records the name, address, email address, phone number, and name of principal contact at your organisation; and the name, job title and email address of any personnel authorised to make e-referrals to the foodbank

This is the only data the foodbank will usually hold about you. We do not get data about you in any other way. There may also be information about you in emails.

How is your personal data kept safe?

The digital data is kept in a secure on-line database. This can only be accessed with a login, password and an Authy code. We require all users of the system to sign a “data protection statement”. This means they know they must keep your data safe, and only use it for the right purposes. All our volunteers have to sign a confidentiality agreement.

We are as careful as possible to make sure no unauthorised person can log into the data system. For example, when a volunteer leaves the foodbank, we stop their access to the data system.

What is your data used for?

Your data is only used to

- Validate electronic vouchers (e-vouchers) your organisation has issued
- Contact you if there is an query about a client you have referred to the foodbank
- Keep in contact with you, for example to seek a meeting or invite your organisation to an event

Does the foodbank have a right to your data?

Under Data Protection legislation, the foodbank needs to have a “lawful basis” for keeping your data, and for using it. There are several types of “lawful basis”. One of them is called “performance of a contract”.

When you become a referral agency foodbank, we enter into a “contract” together. You undertake to send people in genuine crisis to the foodbank using an electronic voucher; we undertake to provide them with emergency food, and contact you if there is a problem. To do this, we need to hold data about you.

That is why the lawful basis for holding your data is “performance of a contract”.

Who can see your data?

Your data on the on-line system can only be seen by authorised people who have been given a login, password and use an 'Authy' code for the data system, providing two-factor authentication.

We are as careful as possible to make sure no one else has access to your data.

How long will your data be kept?

Your data will be kept while you are a referral agency for the foodbank.

If you stop being a referral agency, we will delete you from the online data system as an active referral agency.

The on-line data system also records data from all foodbank vouchers. These will continue to show the name of the agency and the agency worker that issued a voucher, and their contact phone number (if provided).

These are kept for six years in case we need to evidence proper use of public donations.

Who can you speak to if you have questions?

If you have questions about your data, and what we do with it, you should contact the Chair of Trustees, Malmesbury and District Foodbank, The Town Hall, Cross Hayes, Malmesbury, SN16 9BZ.

What rights do you have?

You have a number of rights under Data Protection legislation:

1. **Right to know what data we hold**

You have a right to know what personal data we hold about you.

This Data Privacy Statement describes the data that we will hold. But you can ask if we have any other data about you which is not covered by this Data Privacy Statement.

2. **Right to have a copy of the data we hold**

You can ask for a copy of the data we hold about you. This is called a "subject access request".

If you make a "subject access request", we will give you a copy of all the data we hold about you.

We will do this within one month. If it helps, we will give you the data in a computer file.

3. **Right to object**

You can object if you think we are using your data in the wrong way.

You can also object if you think we don't have "lawful grounds" for using your data.

We will give you a statement explaining why we use your data and explaining the "lawful grounds".

If you are still not happy, you can complain to the Information Commissioner's Office.

If we find we are using your data in the wrong way, we will stop immediately and stop it happening again.

4. **Right to have your data corrected**

If you think there is a mistake in your data, please tell us. You have a right to have it corrected.

We may need to check what is the correct data, but will put right any mistakes as soon as possible.

5. **Right to be forgotten**

We promise to remove your data after six years. You have a right for this to happen, because we don't need to keep your data any longer than six years.

Finally, if anything happens to your data that could be a risk to you, we will do our best to tell you.
